Exploring Healthcare and Getting Involved

- Conduct informational interviews and shadow health professionals
- Gain clinical experience (in volunteer or paid positions)
- Gain research experience
- Seek service in the community that complements your interests (visit the Morgridge Center)

Preparing Your Application

- Track your experiences and reflect on what you have learned
- Develop relationships with faculty and supervisors for recommendation letters
- Plan test prep (e.g., MCAT, GRE, DAT, PCAT, OAT)
